

CLUBLOG

KM8AM

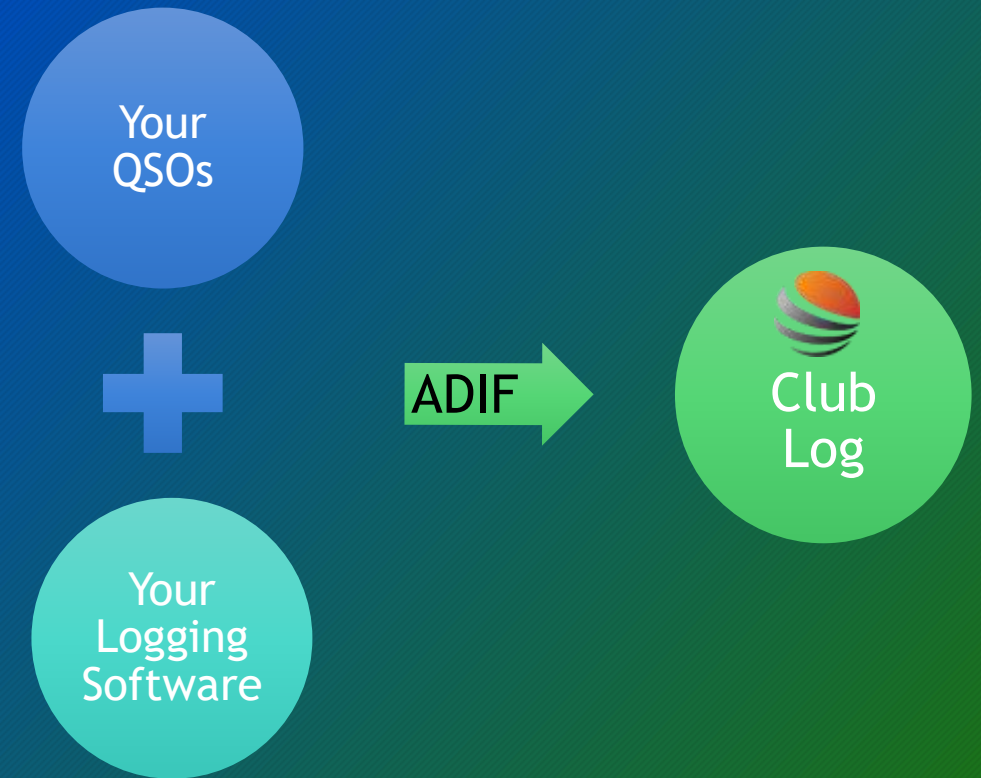

The Basics

<https://clublog.org/>

Hello BARC

Club Log is a free DXing database with a suite of powerful tools supporting active DXers

- You upload your log...
 - Almost 60k others do the same
 - Club Log collects millions of QSOs
 - Club Log provides “big data” features

For New and Experienced DXers!

Club Log shows how you're progressing, what you need to work, how your peers are doing...It inspires activity

Statistics for ERITREA

- 'Most Wanted' Rank: 27
- CQ zone: 37 — ITU zone: 48
- Continent: AF
- Approximate location: 15.30° 38.90°
- ADIF number: 51
- [Check propagation...](#)

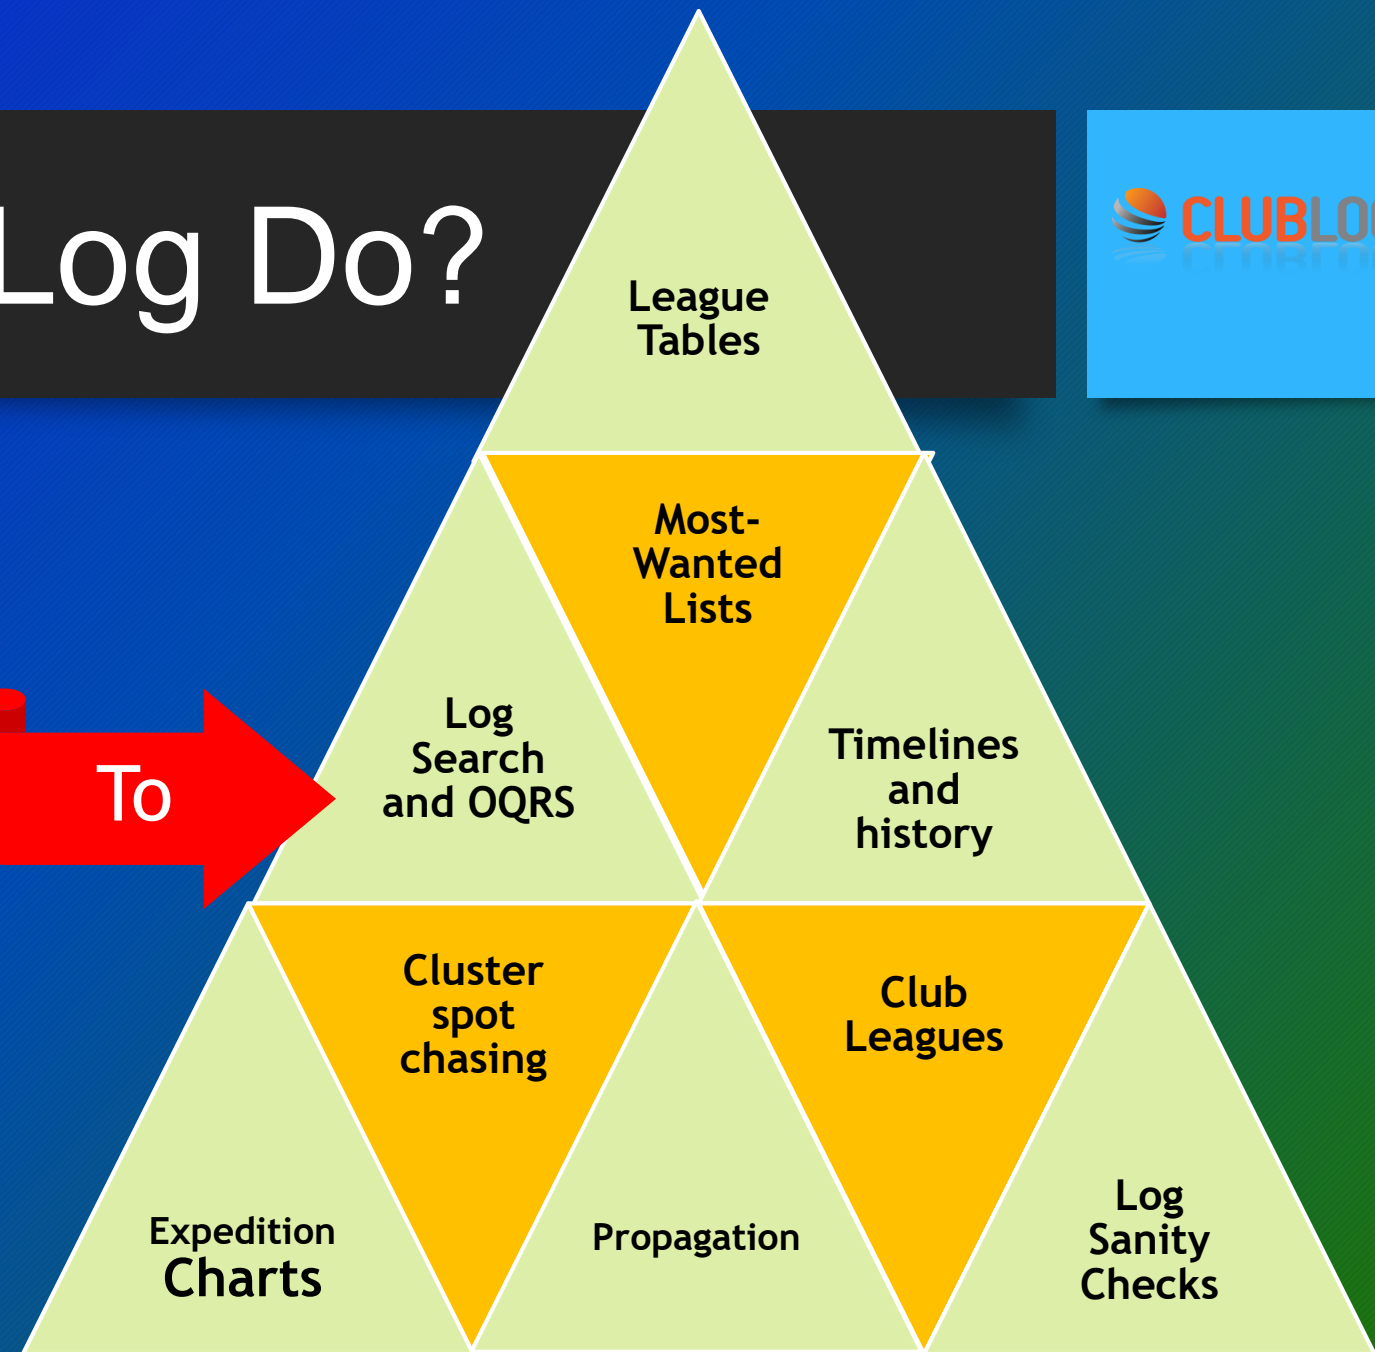

Explore the world of rare DXCC entities and gain a deeper understanding of "DX".

What Can Club Log Do?

The only information that enters Club Log is from:

1. Real QSOs
2. Real amateur logs

Club Log Statistics

The following details are refreshed once a week. As of 15th January, 2022:

- There are 248 clubs, 58,541 users and 92,324 callsigns registered in Club Log.
- Each day, an average of 3689 new logs are uploaded.
- There are 818.3 million log entries available for analysis, making the average log size 8,884 QSOs.
- There is a [breakdown of logging software in use](#) available here.
- A weekly DX Report email is sent to the [Club Log Google Group](#), and is also available: [here](#).

BARC is one
of 248 clubs
in the system

By uploading
your log, you
help yourself
and
everyone!

DXCC Most Wanted List

The information generated in this report is derived from QSOs uploaded to Club Log. To improve quality, only QSOs that have QSLs confirmed are considered to be worked. The most wanted charts are rebuilt once per month, on average. This page was built at Wed, 12 Jan 2022 15:06:09 +0000.

These reports are improved by greater participation. Please [sign up](#) if you are willing to add your QSOs to Club Log, and help improve the database - thank you!

Sign Up Now

Registering is a simple process. Your account is based on your email address, so you'll need to validate that you are who you say you are, by inputting a code that is emailed to you when you submit this form. Once that's done, you can carry on and add your call sign(s) and upload your logs.

Tip: If you already have a Club Log account, you should not need to sign up again to add more callsigns. You can add more callsigns to your existing account from the 'Settings' page. If you have lost your password, you can [request a reset](#).

Sign Up To Club Log	
Your Full Name:	<input type="text"/>
Your Email Address:	<input type="text"/>
Choose a password: <i>Minimum 5 characters, with a least one number</i>	<input type="password"/>
Confirm your password:	<input type="password"/>
Enter the sixth number from this sequence: 8 0 0 4 4 8 1 6	<input type="text"/> (This helps prevent automated abuse)
<i>Make sure your email address is correct - you will receive a message you need to complete the registration</i>	<input type="button" value="Sign Up Now"/> <input type="button" value="Reset the form"/>

A note about privacy and conditions of use

If you upload logs to Club Log, they will be carefully protected. I consider it vital that only the owner of a log can see the QSOs within that log, and Club Log follows this principle in every detail. However, part of the purpose of Club Log is to analyse and report on worldwide trends, for example to create most-wanted lists. This is done by analysing as many QSOs as possible, including those you upload. Please be sure you are happy with this before you join.
