

Bellbrook Amateur Radio Club

50th Anniversary Bash!

The **Bellbrook Amateur Radio Club-W8DGN** will be celebrating **50 years** on the air this summer and we are having a big party at the clubhouse!

Join us **Sunday, July 28, 2024 at 2:00 pm**
at the **BARC Clubhouse**

Here are some of the events we have planned:

- **Mobile Radio Drive-In:** Bring your car and open the hood to show other hams how you did your mobile installation. It doesn't have to be fancy, even just an HT connected to a mag-mount antenna would be cool. BARC members will be available to look at your car and provide ideas for your own mobile installation.
- **Trunkfest Swap Meet:** Bring any radio equipment you would like to sell or browse what others have available for purchase. Set up in your car or bring a table.
- **BARC Open House and SES:** We will open the clubhouse for tours and have the radios available to operate. A Special Event Station in honor of our 50th Anniversary will be on the air from the clubhouse.
- **Cookout:** BARC will provide hamburgers, hot dogs, and drinks. Members are welcome to bring sides and desserts.

Where It's All BARC & No Bite!
