

The Bellbrook Amateur Radio Club (BARC) and its president, Geoff Kline , and the board and members cordially invite you to stop and visit us during our two-day, 24-hour, field day at Sackett Wright Park in Bellbrook. We will be set up in the shelter with four radio stations and antennas.

The purpose of Field Day is to simulate setting up communications in emergency conditions, using auxiliary power for the radios. Members will operate 24 straight hours on high frequencies, starting at 2pm on Saturday and concluding at 2pm, Sunday. Yes, we will be there all night too. In 2024 members contacted at least one person in all 50 states, Puerto Rico, and all Canadian provinces.

Please visit us for a couple minutes or for several hours, at your convenience. If you wish, we will assist you in using one of our radios too.

We enjoy meeting our local officials, and it would be an honor to have you visit. We also enjoy fellowship and eating, so we hold a picnic at 5:30pm on Saturday. You are welcome to break bread with us and also enjoy some famous Dot's chicken.

In the event that the river overflows, or the heat index soars over 100 degrees, we will conduct our Field Day in the BARC clubhouse, 51 South East Street, Bellbrook, lower level of the former school building.

We look forward to meeting you!

BARC Bellbrook Amateur Radio Club

Field Day 2025
June 28-29
Sackett Wright Park
OH-725, Bellbrook, Ohio

It's never too early to start planning **Field Day!**

Join us this year for this
Free and Fun
Community Event
to learn more about **Amateur Radio!**

• Objective • To work as many stations as possible on any and all amateur bands (excluding the 60, 30, 17, and 12-meter bands) and to learn to operate in abnormal situations in less than optimal conditions.

Field Day is open to all amateurs in the areas covered by the ARRL/RAC Field Organizations and countries within IARU Region 2. DX stations residing in other regions may be contacted for credit, but are not eligible to submit entries.

• Field Day • is always the fourth full weekend of June, beginning at 1800 UTC Saturday and running through 2059 UTC Sunday.

All are Welcome!
